

# **Drowned Disgorged Diseased Dolphin**

'O Enigmatic One,  
Podless  
Isolated  
Fevered  
Agonised  
Lifeless,  
Palm Coast, Florida.

Perpetually poisoned  
Plasticised planet  
Dinning dieseled drowning,  
Fossil fuelled  
Seismically smashed  
Hideously horrid,  
Deafening death!

Ominous omen  
Unexampled southern stranding  
North Western Atlantic orca,  
Ubiquitous befouling  
Toxic briny deep,  
Impermissible World!

Climate Gen's behest,  
Get outta Oceans  
Hundred-Year Healing,  
Inexorable uprising  
Mother's defenders,  
Go four billion vegans go!
