

## **Deadly Disgusting Disgrace, Fisheries**

Disdainfully discarded  
Abandoned lost,  
Conveniently dubbed  
Ghost gear,  
Though adrift  
Endless murders!

Entangled whales  
Dolphins, porpoises  
Sea turtles, sharks  
Sea birds more,  
Slow painful  
Exhausting suffocation!

Pernicious yearly rubbish,  
14 billion godawful hooks  
25 million pots/traps  
20 return moon trips  
Petroleum-based fishing lines,  
Untethered  
Man-inflicted agony!

Climate Gen,  
Upright hearts  
Compassionate co-existors  
Vegan planet  
Loving Mother,  
Respecting earthly life!
