

# **Forests, Children, Faeries**

Knowledge DNA born,  
Previous life's gifts,  
Wisdom of ages,  
Original art:  
Animals  
Trees,  
Spirit!

Ingenious perception,  
Fifth dimension admittance  
Guided flight instinctively,  
Children lucidly sense  
Mother Earth's family.

Cutting down tree  
Child bears witness  
In cold blood,  
Tree is life.  
Taking a life  
Unthinkable savagery act,  
A tree is a friend!

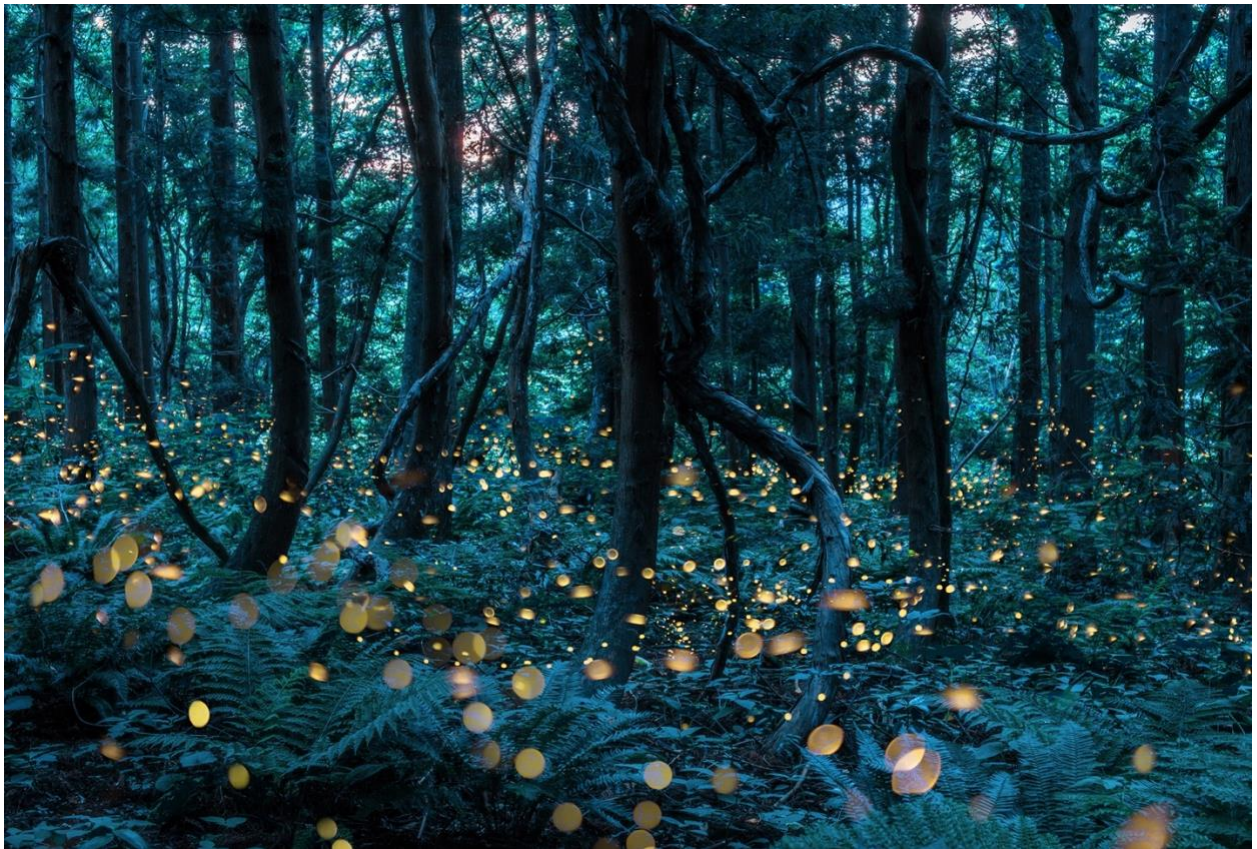

Trees anchor landscape  
Identity  
Sanity  
Healing,  
Living Spirit!

Demolishing forests  
Children see insanity,  
Wilful gagg'd isolation,  
No nests, homeless birds  
Butterflies nowhere to be beautiful  
Showboating woven colours  
Heavenly silken wings,  
Great forest animals lost  
Nowhere to hide, sleep

Polish their whiskers,  
No trees to climb  
Swing beneath,  
Childhood timelessness undone.

Best imaginary friends  
Sprightly forest faeries,  
Curly satin ribbons  
Dainty cut out leaf clothes,

Wee sparkling shoes,  
Magical mighty wand  
Trumpet flower atop  
Fragrant white mesmerising,  
Personal assistant  
Flower cup holder  
Green tree frog,  
Carefully slowly following.

Children are people  
Dignified little ones  
Love to live,  
Children, faeries  
Planetary heirs.  
Wiping out forests,  
Every child betray'd  
Imagination robbers,  
Looters of their future!

Conception of children  
Genesis of all knowledge,  
Take away  
The trees  
The faeries  
Children removed,  
Impossible future.  
Listen to the children,  
Recollect the faeries!
