

## **Mother's Rainforests SOS**

Twenty twenty-one,  
Plundering escalating.  
Northern hemisphere,  
Emerald Crown:  
Burning,  
Chain sawing,  
Fracking,  
Poaching.

Top forest offenders:  
Russia,  
Canada,  
Alaska.  
Going, going . . .  
Gone!

Climate chaos,  
Climate Arctic heatwaves,  
Climate ground fires,  
Endlessness.  
Siberia alight.  
Insects,  
Birds,  
Vanished!

Tropical rainforests,  
Quickly disappearing.  
Eleven point one,  
Million hectares,  
Destitute creatures.  
Carbon banks,  
Heisted!  
Lost forever.  
Perpetrators:  
Brazil,  
Democratic Republic Congo,  
Bolivia,  
Indonesia,  
Peru.

Faster loss,  
Best climate stabilisers,  
Rainmakers,  
Mother's grownup forests.  
Quicker Sixth Mass Extinction.  
More combustion,  
Hurried global heating,  
Hastier climate holocaust.

Go plant-based.  
Forswear materialism.  
Refuse to partake,  
Mother's ending.  
Uprising,  
Climate generation:  
Treesits,  
Old growth blockades.  
Never give up!  
SOS.
